Hy. Tabor

Got here Tuesday night 5:30 to eat a light. Thank God not felt any good yet my stomach is terrible. I keep hearing from home what is wrong it is lovely and cool here last night I had to put on a sweater. Is not in the city I guess. It was hot coming from N.Y. as the trains air conditioning was on the fritz.

Hope you are feeling better than when we were there.

Lots of love. Love F.
